TERMS OF BUSINESS

To make a booking, a non-refundable deposit of €50 is required to hold & secure your date.

The full fee for services should be discussed & agreed with the piano player before deposit is paid. Please only place deposit if you are happy with the fee.

Once deposit is paid, the remainder of the fee will be due in cash on the day of the wedding or event. Regrettably cheques are not accepted when settling the balance.

Once deposit is placed, it is only transferrable under certain circumstances & is at the discretion of the piano player – who will always try his best to assist you if at all possible.

Change of venue or location may affect the agreed price & certain travel fees or expenses may apply. Change of date after deposit is paid is subject to availability & deposit will remain non-refundable.

For church wedding ceremonies or civil ceremonies, the piano player requests that he is given adequate notice (3 weeks if possible) of your proposed song choices to ensure the highest quality of performance on the day.

For Wedding Drinks Reception Music:

It is important to note that Keith will choose which songs to play (see the Weddings page of his website) and will try his best to include a nice variety of music to suit the crowd. It is not Keith's policy to accept a customised songlist from the wedding couple for this service. If the couple require Keith to learn a new song, this may incur a small fee for sheet music/preparation time – this should be discussed with Keith in advance of the wedding day and he will accommodate you where at all possible.

For Church Wedding Ceremonies or Civil Ceremonies:

Keith has a list of songs for both church ceremonies and civil ceremonies on the Weddings page of his website. Of course, your music should be special to you and if there is a special song that you would like performed at the wedding mass or at the civil ceremony venue, Keith will be happy to oblige where possible. Keith will learn two new songs per couple free of charge. Further song requests (i.e. Songs not already listed on Keith's website) may incur a small fee for sheet music/preparation time.
